

INTERNATIONAL MANAGEMENT

Global Sustainable Strategies

DESCRIPTION

The Global Sustainable Strategies Major Track seeks to give students a broad view of what organizations, Leaders and managers need to know and do when dealing with global responsibility and sustainability, and how to combine the notions of People, Profit and Planet.

LEARNING GOALS

LG1. With a strong knowledge of the role and the place of organizations within global economies, be able to master:
- management techniques (bachelors)
- management strategies and decision making processes (master)

LG2. Acquire Skills and Tools to be (or to become) a Tomorrow

LG3. Act with a Global & Responsible Mindset

LG4. Think in a Circular Economy Context

TEACHING METHODS

Learning through Concepts and Tools' Acquisition
Delivered through a combination of classroom and hands-on exercises, independent studies, and challenging questions

Learning through Case Study

After having discussed concepts, approaches and tools, Professors encourage students to develop their knowledge and work practice by using a solving case approach.

Learning through Practice and Research

Field Research Project or FRP. In group, students are invited to write a paper and perform an oral presentation based upon subjects suggested by student groups, the school, or business partners.
